
Stem Cell-Derived Heart Cells: Bruce Conklin - CIRM Science Writer's Seminar

(Part 3 of 9) Bruce Conklin, M.D., spoke at the Scientific Writer's Seminar, a workshop presented on September 17, 2008 at CIRM headquarters in San Francisco. Conklin has a CIRM grant to develop a method for screening drugs for toxic effects using stem cells.

Conklin is a senior investigator at the Gladstone Institute of Cardiovascular Disease and he is also a professor in the Department of Medicine at the University of California, San Francisco.
